RE: Visa Check/MasterMoney Antitrust Settlement

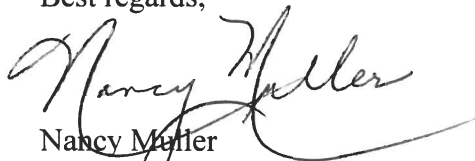

Dear Paul:

I just wanted to write this letter to thank you and your firm for the professional service and expertise that I received throughout the settlement of the above claim. From the very beginning of this case, whenever I contacted you, you responded in a timely fashion. You kept me abreast of the status of the settlement on a regular basis and informed me when disbursement checks would be distributed.

I certainly would recommend your firm to others. Please feel free to use our company as a reference.

It was a pleasure doing business with you.

Best regards,

  
Nancy Muller
